Subject: Petition to amend the peanut spread regulations (Docket No. 99P-0301)

I called Mr. Tyler Buckner at Proctor & Gamble to discuss Proctor & Gamble's petition of February 16, 1999 (Docket No. 99P-0301) requesting FDA to amend the current common or usual name regulation for peanut spread (21 CFR § 102.23) to remove the requirements for added vitamins and minerals, and added protein.

I asked Mr. Buckner if Proctor & Gamble was still interested in a response to the petition. The petition was submitted by Dr. L. K. Hiller in February of 1999. Mr. Buckner tried to locate Mr. Hiller but he could not locate him. Mr. Buckner stated that based on the fact that he could not find any information on Mr. Hiller or a new contact that may have replaced him, we could withdraw the petition and use this memorandum to facilitate such withdrawal. I informed Mr. Buckner that I would be happy to do so.
